

Improv-Based Team Building Workshops

We facilitate quick thinking activities designed to bond groups together.

Students flex their creativity and collaboration muscle in an entertaining environment for 1 – 4 hours.

Team Building +

All workshops center around making your team or student group stronger, but it's more than just team building.

Communication

Students isolate, practice, and improve different communication skills.

Entrepreneurship

Students examine how they can impact the world and be more comfortable with change.

Leadership

We help students discover their own leadership style and realize they are the leaders of today.

Mental Health

We encourage self-awareness, and stretching ourselves as far as we are comfortable.

& They'll Even Have Fun!

"This is the most engaged I've seen my students since we started working together 4 years ago"

High School Program Administrator,
