

Improv-Based Team Building Workshops

We facilitate quick-thinking activities designed to bond students and teams together.

Participants flex their creativity and collaboration muscle in an entertaining environment for 1 – 4 hours.

Our Programs

All workshops center around making your team or student group stronger, but it's more than just team building.

Pure Team Building

In our Collaborate & Support the Team at All Costs program, participants get to know each other on a deeper level, practice the skill of "Yes, And-ing..." each other, and learn to collaborate more effectively.

& They'll Even Have Fun!

Active Listening

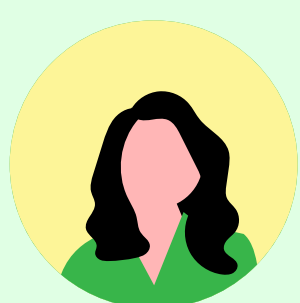

Participants isolate and practice their active listening skills to listen first and act second.

Creativity & Resilience

While leaning on their team, participants will learn to creatively blow past obstacles.

"This is the most engaged I've seen my students since we started working together 4 years ago"

Program Administrator,
